

# GESELLSCHAFT FÜR MIKROZIRKULATION UND VASKULÄRE BIOLOGIE e.V.

The Gesellschaft für Mikrozirkulation und Vaskuläre Biologie e.V. (German Society for Microcirculation and Vascular Biology e.V., GfMVB) fosters the scientific exchange in the area of microcirculation and vascular biology. In an interdisciplinary manner, the society represents all aspects ranging from theoretical and experimental basic science to clinical studies and from molecular and cellular investigations to integrative approaches. The annual scientific meetings are meant to be a forum for discussion of novel findings and for promotion of young scientists.

Members of the society (annual dues: 50 €, students: 20 €) will automatically become full members of the European Society for Microcirculation (ESM). Abstract fees will be waived for one presentation on occasion of the Society's annual scientific meetings. The GfMVB will forward an annual amount of 20 € per full member (5 € per student) to the ESM.
